# Reitumetse Mochaoa

Software Engineering Student at WeThinkCode_ || Civil Engineering
Graduate
Cape Town, Western Cape, South Africa

## Summary

Just like my code, I'm always debugging my way to better personal
functionality. As I constantly try to optimize not just my algorithms but
also my skills and connections— I must always remember to catch
that <br/>.
All this, of course, While true

---

## Experience

### WeThinkCode
Bootcamp Mentor
July 2024 - Present (3 months)
Hessequa Local Municipality, Western Cape, South Africa

My role is to guide and support students through their learning journey, helping
them understand programming concepts, troubleshoot issues, and debug
code. I provide personalized feedback and advice, ensuring students grasp
the course material and succeed in their projects. My goal is to help them
overcome challenges and gain confidence in their technical skills.

### CodSoft
Java Developer
June 2024 - July 2024 (2 months)

During the Java Developer internship, I worked on various tasks, including
developing features, optimizing code, and debugging issues. This experience
enhanced my Java programming skills, improved my problem-solving abilities,
and provided practical insights into software development practices.

### JAMALOX TRADING
Administrative Assistant
January 2021 - December 2021 (1 year)
Matatiele, Eastern Cape, South Africa

Maintained accurate, up-to-date records, precisely documenting updates and
inventory with manual and digital office systems. Answered telephone calls
promptly and and professionally, quickly asserting caller requirements to direct

queries appropriately. Filed, documentation, maintaining ease of information access and retrieval. And I also ensured that meetings are set accordingly and documents that need submitting are promptly attended to.

CROSSROADS CHILDCARE, LLC
Nursery Assistant
May 2020 - November 2020 (7 months)
Matatiele, Eastern Cape, South Africa

---
